

Shootin' Galleries

We create revolutionary shooting galleries which are interactive, highly-themed environments with dollar bill acceptors attached to them! Our proprietary systems incorporate modern technologies with tried and true concepts widely used in the amusement game world.

Our galleries have been proven to draw in players, captivate them, reinforce/reward them for playing, and, most of all, maximize your revenue!

This gallery's features include:

- Rotating target shows
- Multi-action targets
- Quick shot challenge
- 5.1 digital surround sound
- Bonus pricing structure
- 2 ways to play

FUN, EXCITING, & COMPACT!

This mini shooting gallery offers an incredible amount of entertainment and excitement within a compact footprint. Measuring only 5'6" wide by 8' deep, this gallery includes 2 gun stations, computerized system, and digital sound system. We've packed in 12 targets which include: a heckling bear, tipping ore cart, dynamite blaster, flickering lantern, fly-up can, and our quickshot challenge.

Like our other shooting galleries, this one includes exclusive features and innovations such as 2 Ways to Play, bonus pricing structure, and rotating target responses. Our galleries have been proven to draw in players, captivate them, reinforce/reward them for playing, and, most of all, maximize your revenue!

*All of our galleries are customizable to fit within your facility.
